To: The newly Advanced Brother

Dear Brother

It is with great pleasure that I offer you my sincerest congratulations on becoming a member of our ancient and honourable institution and welcome you into the Mark Degree and in particular the Province of Surrey. You are now a Mark Master Mason and in Ancient times this would have qualified you to preside over a Lodge of Operative Masons.

The Ceremony that you have been through today is called the Ceremony of Advancement and I trust that you enjoyed that Ceremony and the moral lessons it teaches. I hope that you will now involve yourself thoroughly in your new Lodge by progressing through the various Offices towards the Masters Chair.

I have always found Mark Masonry to be a very happy degree with a great deal of camaraderie between the Brethren and within the Province there are many functions designed to compliment this. These include a Charity Dinner Dance, Cricket Match, Church Service and many other functions run by individual Lodges. However the most important function is the Annual Provincial Meeting which I hope you will attend so that I may be able to greet and welcome you personally. You will receive a separate letter concerning the arrangements for this.

Finally may I wish you health and happiness for the future and trust that your association with us will be long and happy.

Yours sincerely & fraternally

Raymond S. H. Hussey  
Provincial Grand Master
